**CHRISTIAN SCIENCE CHURCHES**  
"Life" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Jesus' words, from Luke, are the Golden Text: "Now that the dead are raised, even Moses showed at the bush, when he calleth the Lord the God of Abraham, and the God of Isaac, and the God of Jacob, for he is not a God of the dead, but of the living: for all live unto him."

Among the Bible citations in the Lesson-Sermon are Paul's words to the Romans: "And we know that all things work together for good to them that love God, to them who are the called according to his purpose. . . . What shall we then say to these things? If God be for us, who can be against us? . . . Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? . . . Nay, in all these things we are more than conquerors through him that loved us."

A correlative passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth."
